

ARRIVAL written by Irian García González, Laura González Bermudez y Sonia de Benito Fernández.

At 4 we arrived at the airport and at 6 we took the plane, all of us wanted to arrive in Germany and meet our families, after more or less 2 hours flying we arrived in Frankfurt where we took another flight to Hannover of 1 hour, and finally We took a bus to the High School where they were waiting for us.

When we arrived at the high school, we left our suitcases and tried to find our German mate, when all of us met their mates, we ate, but not much, because we weren't very hungry, the lunch was pasta with tomato sauce and for drink, sparkling water.

Afterwards they had prepared a tour around Rinteln. We all visited the town centre where the German students were explaining us the most important places. There, we went upstairs in a tower to see all Rinteln, it had too many stairs but the views were incredible. When we finished the tour we came back to high school to take our suitcases and we went to our mates houses, we were excited about that...

Finally, after meeting our families and having dinner we fell asleep. It was a long and tiring day!
